

# Nomination for a Memorial Tile

On the Hamilton Field History Museum Patio Wall

If you make a donation of \$350.00 or more for the support of the Hamilton Field History Museum through the Novato Historical Guild, it would be our pleasure to create and mount on the Hamilton museum's patio wall a laser engraved tile perpetuating the memory of a deceased person you nominate for their service to our country in time of war. The person memorialized must have served in one of the uniformed services or in the Coast Guard or Merchant Marine during time of national conflict. **As documentation for our Bio. Book we request a copy of some written record of this service plus a picture showing the uniform and also later in life when visitors may have met the subject.** The tiles are limited to a maximum of 5 lines of no more than 25 letter/spaces each. The lines will be centered by the engraver.

Name to appear on the tile. (please print carefully)
